

American Modular Tooling kits provide adaptability for any fixturing need. Kits range in size and complexity from a few to hundreds of components.

### Kit Number AMT-10160, Vacuum Kit

Vacuum clamping kit AMT-10160 features quick assembly, nine station manifold unit with individual line valves. The vacuum kit is adaptable to all AMT® components.

### Kit Components

Part Number	Qty.	Description
AMT-15070	10	Extension, Vacuum
AMT-16110	1	Cup, flat, black, 10mm
AMT-16111	1	Cup, flat, black, 20mm
AMT-16112	1	Cup, flat, black, 30mm
AMT-16113	1	Cup, flat, black, 52mm
AMT-16118	1	Cup, bell, black, 1.5 x 11mm
AMT-16119	1	Cup, bell, black, 1.5 x 20mm
AMT-16120	1	Cup, bell, black, 1.5 x 35mm
AMT-16121	1	Cup, bell, black, 1.5 x 53mm
AMT-16126	1	Push-on barb, 1/8" male NPT 10-20mm
AMT-16127	1	Screw fitting, hollow 30-50mm
AMT-16128	1	Adapter, 1/8" male NPT 30-50mm
AMT-16129	1	Compressed air inlet valve 1/4"
AMT-16130	1	Reducer 1/4" x 1/8"
AMT-16131	1	Nipple, 1/8"
AMT-16132	1	Adapter, 1/8" NPT female x 1/8" G
AMT-16133	1	Vacuum generator
AMT-16134	1	Reducer, 3/8" NPT male x 1/8" NPT female
AMT-16135	1	Manifold, 9 1/4" side ports, 2 3/8" end ports
AMT-16136	1	Plug, 3/8"
AMT-16137	1	Valve, 1/4" NPT x 1/4" tube
AMT-16138	1	Swift-fit male adapter, 1/4" tube x 1/4" NPT
AMT-16139	1	Handle, red colored inserts valve
AMT-16140	50	Tubing, black polyurethane, 1/4"

Suction fixture shown with part (above) and without part (below)
